## MARO Office Furniture

---

For 30 years, we have been making sure that office work is comfortable and ergonomic. Our furniture demonstrates our professionalism and love for what we do. We are passionate about creating exquisite and functional things and that translates into a quest for new solutions that turn concepts into products at a higher and higher level. Using innovative engineering solutions, we strive for ensuring that our products are top-notch. Our quality has been proved by ISO 9001 and Geprüfte Sicherheit certificates. This is possible thanks to our technology park, where world-class techniques come together under one roof. As a responsible producer, we wish to minimize our ecological footprint and expect the same from our suppliers.

Our Machinery Park guarantees top quality and precision. Thanks to the investments in new techniques and constant search for unconventional solutions, we thrive all the time. We are aware of how valuable the human factor is, therefore some elements of our furniture are hand-made. Gluing the carcasses of curved counters is a job where the human has an advantage over the machine. However, where surgical precision and repeatability in short time are necessary, we take advantage of the latest technique. Wood processing center drills, mills and processes the edges with utmost precision. The quality of our furniture is based on hundreds of trials and tests, thanks to which we are certain that we are second to none

# Toris

Toris is a collection of furniture with geometrical, simple form. It features executive desks, conference and occasional tables.

Executive desks can be supported on pedestals, sideboards or executive add-on tables. It is also possible to match two different colors/decors for the inner and outer sides of board legs and top.

---

## TOP

- Chipboard coated on both sides with melamine resin with increased durability - 1st class.
- Chipboard with reduced formaldehyde emission, E1 standard.
- Top finished with 2 mm thick ABS plastic edge with 3 mm radius.
- Decorative slat made of brushed aluminum between the top and panel leg.
- Internal part of the desk can be different color/ decor than the external part.

## ADDITIONAL INFORMATION

- Colors according to MARO

## FRAME

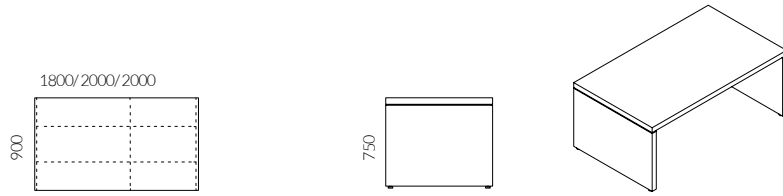

- Steel structure comprising of welded elements ensuring rigidity.
- 36 mm thick board legs affixed to the top as standard.

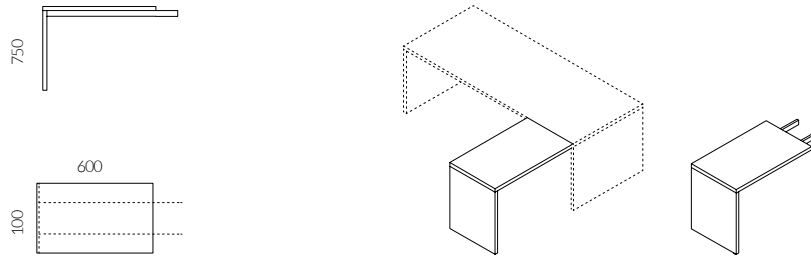

## WYPOSAŻENIE DODATKOWE

- Horizontal cable management: powder-coated fixed or fold-down cable channel affixed under the top as standard, plastic cable clasp.
- Vertical cable management: flexible, plastic, two-piece, metal cable channel, cable outlets and netboxes.
